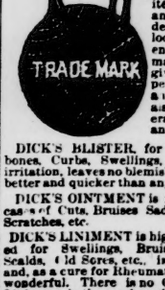
DICK'S
UNIVERSAL MEDICINES FOR
HORSES AND CATTLE.



DICK'S BLOOD PURIFIER will remove all signs of Fever in Horses and Cattle, and consequently prevent any disease that may be going about. It is infinitely superior to any condition powder now used, as it loosens the hide, enabling the animal to cast its hair, gives a good appetite and new life and spirits. It is also an unfailing eradicator of Bots and Worms.
DICK'S BLISTER for Spavins, Ringbones, Curbs, Swellings, etc., causes no irritation, leaves no blemish, does its work better and quicker than any other blister.
DICK'S OINTMENT is invaluable in all cases of Cuts, Bruises Saddle Galls, Sores, Scratches, etc.
DICK'S LINIMENT is highly recommended for Swellings, Bruises, Contusions, Scalds, Old Sores, etc., in MAN or BEAST, and, as a cure for Rheumatism, it is simply wonderful. There is no Gargling Oil or Liniment in the market that can begin to compare with it. Blood Purifier, 50c; Blister, 50c; Ointment, 25c; Liniment 25c.
For sale by Druggists and dealers everywhere.
DICK & CO., P.O. Box 482, MONTREAL.

BIRCH HILLS.

The recent snow storm having moistened the ground very much, fall ploughing is being carried on vigorously. No threshing is done as yet, but will be in about two weeks.

Prairie chickens are more numerous here this fall than they have been for a number of years. Geo. Taylor killed fourteen at five consecutive shots. Geese are also very plentiful. R. Stevens killed five at two shots.

Canon Flett, our local inspector, visited our school a short time ago, and was much pleased with the general condition of the same.

Charlie Clarke has been pretty sick, but is now recovering.

John Gordon is out putting up buildings on his claim, and making preparations to pass the winter here. He has a good claim with plenty of spring water on it.

Edward Taylor, sr., is in at the South Branch threshing his crop there, which he says is good.

Quite a number of people from Prince Albert district have been out looking for claims on this side of the river. Amongst others, we noticed H. Ballentine, Thos. Glaister, Robt. Headwick, J. C. Slater and Mr. Clements. After taking in the country as far as Stony Creek they were much pleased with it, the H'lls coming in for a fair share of favor.

Election news is very scarce. Many are not as yet fully satisfied on the question of "Where do you live," many conflicting reports having reached here. The latest we have heard in the matter is the mention of two new names as prospective candidates, viz., John Gordon and Alex. Rodgers. A meeting will soon be held to hear the views of each aspirant.

Mr. Davidson, late of London, England, has been prospecting for a suitable cattle ranche here for the past week, and easily secured a good one.

F DIVISION N. W. M. P. RIFLE ASSOCIATION.

The annual competition of the above Association will take place on Friday and Saturday next the 23rd and 24th instant, on the Police ranges.

The following are the matches:—

1st match—President's medal and 14 cash prizes. Handicap—200, 400 and 500 yards; 5 shots each range; two sighting shots.

2nd match—Handicap—Thos. McKay's medal and 9 cash prizes—200, 400 and 500 yards—5 shots at each range; two sighting shots.

3rd match—Consolation. Open to members who have not won a prize in 1st or 2nd matches—Sheriff Hughe's medal and 9 cash prizes. Range 200 yards; 10 shots; two sighting shots.

4th match—Open to the members of the Saskatchewan Rifle Association and the Division Rifle Association. Rifle—Snider or Winchester. Ranges—200, 400 and 500 yards; 5 shots at each range; two sighting shots allowed at each range; 6 prizes.

The grand aggregate match for the tankard presented to the Division Association by D. H. Macdowall Esq., M.P., for the best total score in matches 1, 2 and 4. Other prizes will be given in this match for next best aggregates.

The second prizes in matches No's. 1 and 3 have been presented to the Division by Geo. S. Davison Esq.

The Winchester rifle will be used in all matches except No. 4 which is either Snider or Winchester.

WEDNESDAY, OCT. 21, 1891.

It is to be hoped that another session of the Legislative Assembly will not pass without seeing the repeal of those sections of the Poison Ordinance which specially apply to Saskatchewan. They were conceived in the interests of traders, and have frequently proven a serious hardship to the actual settler. To-day some owners of sheep in the more isolated parts of the district are being forced to dispose of their herds on account of the ravages of wolves, and the law prevents them using poison for their destruction. This is an injustice, and one settlers should not be forced to bear. Fur trading may be a profitable business, and to assist in its development a reasonable amount of protection might be given it, but Saskatchewan can ill afford to develop it at the expense of our stock raising industry on which the future of our district in a large measure depends. Mr. Mitchell was not serving the interests of the country when he introduced the ordinance, and those members from Saskatchewan who supported it can hardly expect to receive congratulations for their statesmanship.

G. Adam Mercer in his excellent history of the life of the Right Hon. Sir John A. Macdonald, very truthfully remarks that a man who has no moral or social standing, and who has failed in everything else, even divinity, often turns to politics and makes it the aim of his life to make all the money he can out of them, regardless of the methods adopted to gain that end. This is a stinging reflection on some members of the clerical profession, but one that unfortunately can hardly be contradicted. Even in the Northwest where politicians are not at all numerous, we find the statement not without an example. Men who have occupied high positions in the church are now almost forgotten as pious teachers of the sacred law and are daily seen in the caucus of the political wire-pullers, and gathering together mud for slinging at honest men who take an active interest in their country's welfare, and all for money, that commodity he once prayed men to look upon as the root of all evil. Such is life. G. Adam Mercer your statement was a beautiful one.

OUR MINERAL RESOURCES.

Many circumstances are combining just now to draw attention to the almost unexampled mineral wealth of Canada, and the Mining Convention recently held at Sault Ste is additional evidence in point.

The total production of the Dominion amounted in 1888 to $16,500,000, and is annually increasing. The potential production is simply unlimited. The producing coal fields of Nova Scotia and British Columbia; the $55,000,000 worth of gold taken from Dominion mines during the last twenty-five years; the vast districts of copper in Ontario, in the Eastern Townships and in other provinces; the petroleum fields of Ontario producing in eight years 125,000,000 imperial gallons, and the great possibilities of our territories in the McKenzie Basin; the vast coal fields or the Northwest; our salt mines, asbestos, phosphates, and especially the developments in the nickel industry, are all evidences of our immense resources and present as well as future wealth.

The Canadian Copper Company, of Sudbury, is stated to have an average yield of 500 tons of refined nickel and 700 tons of refined copper per furnace. For nickel alone this represents a market value of $500,000.

In view of this immense source of wealth upon British Canadian soil, and especially in view of the tremendous coming demand for nickel and its alloys, it is surely not asking or expecting too much to express the hope that our moneyed men in Canada, and the great capitalists of the Mother Country, will wake up to the fact that, according to the commissioners, "more than one-half of the capital now invested in the mines and mineral properties of this povince is held by Americans," and invest some, at least, of their surplus wealth in helping Canada to climb the golden stairway of mineral and industrial development.

The Sheffield cutlers are probably not in very good humor with the free trade which forces them to admit all foreign manufactures without duty, but it is powerless to do anything for them in the face of high foreign tariffs. The value of the exports of cutlery from Sheffield to the United States during the past three months was $150,000, compared with $375,000 in the three months of 1890 just before the going into force of the McKinley tariff.

In the coming session the Congress of the United States will be asked to build two modern type revenue cutters for police duty on the great lakes. Despatches from Washington indicate that the vessels will be made available for service in time of war and will form part of a fleet for the naval defence of the inland waters. The average type of the proposed vessels will measure 500 tons in displacement with 196 feet length, 24 feet beam and a draught of 10 feet. Two sets of triple expansion engines will be provided with a steaming radius of 3,000 miles at 10 knots per hour and a guaranteed maximum speed of 16 knots. The battery will be Hotchkiss rapid fire guns. The plan of the proposed fleet has not yet been completed. What are our neighbors afraid of?

If there is one part of the Dominion more than another which has been pointed to as suffering from the National Policy, as cut off from its "natural market," and "divorced from the continent to which it belongs," it is Prince Edward Island. But the Island exhibition has just been held, and it was a good one. The British farm delegates were there. They spoke cheerfully of the Island's butter-making capacity; its ability to raise oats, wheat, barley, the excellent outlook for raising cattle and horses. Where is the market for these thing? Britain can take all the surplus butter, cheese, wheat, oats, two-rowed barley, cattle and good horses the Island can supply, and is, in fact, the only unlimited outside market for these products. The delegates also urged sheep growing, and recommended farmers not to sell their coarse grains but feed them to stock. The opposition policy is to cultivate the United States as a market for coarse grains by piling up heavy discriminatory duties againt Britain.

London, Oct. 15.—A Calcutta dispatch says that news of an encounter between Afghans and Russians is awaited with much anxiety as it is believed that a fight of a serious character cannot long be put off. The viceroy has received profuse assurances of loyalty from a number of Indian Princes, including the Nazim who is prepared to put a strong force into the field. While a Russian attack on India is not expected, the Vice Regal Government anticipate a Russian struggle for a foothold in Afganistan.

London, Oct. 15.—This was the third day of the Newmarket meeting. The race for the Middle Park plate was won by Orme, with Ediable second, Cantlett third. There were ten starters.

Toronto, Oct. 15.—The Irish residents of Toronto met last evening, and after listening to speeches by Senator O'Donahoe and others, passed a resolution deploring the death of Parnell.

Rev. W. H. Cline has tendered his resignation of Immanuel church, of Toronto, and the resignation has been accepted, to take effect not later than December 31.

The Government have closed the university of Kieff after having 500 of the students placed under arrest.

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again, I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my Infallible remedy. Give EXPRESS and POST-OFFICE.

A few thoughts concerning

ASTHMA

Its Cause and Cure

Must interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress night after night and who in many extreme cases would only gladly welcome death in order to be relieved from such suffering with no prospects of ever being any better is not pleasant to contemplate. All the boasted remedies heretofore claimed to cure Asthma have failed or only given temporary relief. The smoking of leaves and barks, saturated paper and pastiles has been resorted to as the last means for only a temporary relief anything being considered a blessing that will release the grasp of the fingers of death even for a short time, which seems to be tightening every moment more and more; the sufferer knows that this is Asthma.

To-day suffocating, in a few days relieved, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nerves producing the disease. In Asthma there is a

SPECIFIC POISON in the Blood that must be **DESTROYED** before Asthma can be

CURED

This poison is oft-times inherited and passed through many generations, like Scrofula, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes will arouse and act to work this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city their suffering is intense, move to another part and they are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the Atmosphere in many localities will develope this poison in an unusual degree thereby affecting the nerves, producing spasms and difficult breathing, which every Asthmatic has had such and experience with, suffering, and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research and watching this disease in all its various phases under various circumstances we present a cure for Asthma known as **DR. TAFT'S ASTHMALENE**, which will entirely destroy this poison in the blood and restore the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves restored to perfect health. **ASTHMALENE** is unlike all other so called Asthma cures, as it **CONTAINS NO** Opium, Morphine, Ipecac, Squills, Lobelia, Ether, Chloroform or any other poisonous drug whatever, but its combination is of such a nature that it will destroy every particle of this poison in the blood and eliminate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous cures from the use of the **ASTHMALENE**. We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

WE DO NOT WANT YOU TO SEND US MONEY

We do not make out a long list of private, personal and impertinent questions, nor do we resort to any clap trap or any nonsense of any kind in order to make monthly or permanent patients; we only ask any one suffering from Asthma to **TRY A FEW DOSES** of Asthmalene. We make **NO CHARGE FOR** a trial bottle to sufferers from this terrible malady. Just send us your name on a postal card and we will mail

FREE

enough of Dr. Taft's Asthmalene to show its power over the disease, stop the spasms and give a good night's rest, and **prove to you** no matter how bad your case, that **ASTHMALENE CAN CURE ASTHMA**, and you need no longer neglect your business or sit in a chair all night gasping for breath for fear of suffocation. Send us your full name and post office address on special card. **DR. TAFT BROS. MEDICINE CO., ROCHESTER, N. Y.**

TIGHT BINDING

LOCAL HAPPENINGS

In Our Midst.

Mr. Isaiah McCall has an apple tree in bloom.

The Rev. A. H. Wright, of Fort a la Corne, came into town yesterday.

For evening Shawls and Gloves go to F. C. Baker's.

D. H. Macdowall, M.P., will return home by Saturday's train.

One dollar isn't very much, but it will buy a lot of goods at F. C. Baker's.

Mr. D. J. Campbell has sold his stallion French Chieftain, to Mr. Paxton.

Mrs. McCall returned home Saturday evening last after an extended visit to Ontario, much improved in health.

For Gent's Furnishings of all kinds go to F. C. Baker's. Our Top Shirts and Underclothing are especially good.

D. J. Campbell leaves for Ottawa tomorrow. He will return shortly and bring his family back with him.

Mr. Angus McKay, and family, are spending a few days in town visiting friends.

T. N. Campbell, who has been visiting in Ontario for the last two months, returned home Tuesday evening.

Engineers are in town for the purpose of completing the Macdowall spur of our local railroad to the east end.

The Melton Dress Goods at 20c per yard, and all wool Grey Flannel at 25c, is what we wonder at. See them and you will buy them, at F. C. Baker's.

C. Hamilton, the contractor, has completed about 600 feet of the barrel drain on Hurd's road. It is the best piece of work in that line yet done in the town.

A few crossings judiciously placed at the jump off ends of our sidewalks would earn for the Board of Works the gratitude and thanks of many of our residents.

Geo. M. Sutherland is plastering Mr. J. Sanderson's new dwelling house in the west end. Mr. Sanderson expects to remove into it in the course of a couple of weeks.

The addition to the Central School is fast nearing completion, and none too soon, as the attendance is so rapidly increasing that another teacher will be required very shortly.

During the past week a number of new settlers have arrived. Many of them have come well prepared with stock, farm implements, etc. All of them are fully satisfied as to their future prospects.

We regret to hear of the death of George Lee, formerly of this place, who died at Toronto on the 9th inst. Mr. Lee came to Manitoba with the first expedition, and was well known both in Winnipeg and Prince Albert.

At the Queens—T. B, McCutcheon and wife, H. L. Wood, Aberdeen, S. D.; A. L. Hogg, Montreal; W. J. Taafe, Winnipeg; E. F. Murphy, San Francisco; E. Jackson, J. M. Robertson, Moosejaw.

The ladies of the town are arranging for a ball to be held in Saskatchewan Hall on the 28th inst. The proceeds of the ball are to be devoted to the funds of Victoria Hospital. Tickets are issued to gentlemen only, who are allowed the privilege of taking one or more ladies.

Since our last issue the town has advanced another step in the right direction. The electric light is now in full operation. The gentlemen who had charge of the work are to be congratulated on the successful issue of their labors, as everything worked without a hitch from the start. A street light has been erected in front of Donaldson's livery stable. Eight or ten of these lights distributed on the principal corners, would be just the thing during the dark nights. Our Town Council should give the matter their serious consideration.

A type of Canadian Beauty, A Study from Life is the title of an oil painting executed specially by the celebrated artist, J. W. L. Forster, R. C. A. of Toronto, for the Christmas number of the *Dominion Illustrated*. This painting is conceded to be one of Mr. Forster's best works, and will form one of the four splendid supplements to be given away with the unrivalled Christmas number which the publishers of the *Dominion Illustrated* have now in preparation.

Dr. T. A. Slocum's
OXYGENIZED EMULSION OF PURE COD LIVER OIL. If you have a Cough —Use it. For sale by all druggists.

Mr. F. S. Spence, Secretary of the Dominion Alliance, arrived here on Saturday and returned west again on Monday. On Sunday he occupied the Presbyterian pulpit in the morning and the Methodist in the evening. At 4 and 8 p.m., he addressed mass meetings in the Town Hall. All his addresses were in the interests of temperance. Mr. Spence is one of the best speakers, and most logical reasoners that a Prince Albert audience has ever had the pleasure of listening to. He did not, as in most cases, appeal to the passions of the people, but showed by clear reasoning that prohibition of the liquor traffic was what our country wanted to make its people happy, prosperous and contented. Many who heard Mr. Spence and have been advocating high license will to-day vote against liquor. It is to be regretted that his stay was so short amongst us.

BOW! WOW! WOW!

From a recent number of the *Canadian Kennel Gazette*, the official organ of the Canadian Kennel Club we should say that "our friend the dog" is making great headway in Canada. The *Gazette* contains practical and instructive articles on dogs by the best known writers and veterinarians in Canada; the canine news of the day; critical reports and full list of awards of all dog shows held in Canada; a question and medical advice department, and a register of whelps, sales, etc. It is indeed a valuable periodical, and is published at the popular price of $1 per year. Mr. H. B. Donovan, the Editor, Toronto, was elected secretary of the Canadian Kennel Club, at the annual meeting held last month, and will be pleased to answer any questions regarding the national canine organization of the Dominion.

DUCK LAKE.

Mr. Alex. Venne, of the firm of W. & A. Venne, of Muskeg Lake and Isle a la Crosse, just arrived in from the latter point. He reports weather fine and fur plenty. It is said Alex. won't go back alone.

The writs for the election have arrived, R. J. Molloy being returning officer for Mitchell district.

Mr. A. E. St. Laurent has been confined to his room for the past few days with la grippe or something similar. The Dr. reports he is recovering.

A heavy sand bar has formed at Batoche, preventing crossing by the ferry.

Mr. Kelly, of Erinscourt, has this week lost a very valuable mare. This makes six animals this gentleman has lost this summer by typhoid fever.

Capt Dougal returned home from the McKenzie River by the last train. The trip has evidently agreed with him.

Mr. John Dallas has been engaged as teacher of the Wingard school, and commenced his duties last week. John will make an efficient tutor.

"August Flower"

The Hon. J. W. Fennimore is the Sheriff of Kent Co., Del., and lives at Dover, the County Seat and Capital of the State. The sheriff is a gentleman fifty-nine years of age, and this is what he says: "I have "used your August Flower for several years in my family and for my "own use, and found it does me "more good than any other remedy. "I have been troubled with what I "call Sick Headache. A pain comes "in the back part of my head first, "and then soon a general headache "until I become sick and vomit. "At times, too, I have a fullness "after eating, a pressure after eating "at the pit of the stomach, and "sourness, when food seemed to rise "up in my throat and mouth. When "I feel this coming on if I take a "little August Flower it relieves "me, and is the best remedy I have "ever taken for it. For this reason "I take it and recommend it to "others as a great remedy for Dyspepsia, &c."
